

GOURMET CATERING EXPERIENCE

KAAKAT
GOURMET

Introduction

Kaakat Gourmet is a Lebanese catering concept specializing in gourmet mini bites inspired by the traditional kaakeh, a well-known Lebanese bread enjoyed across the Middle East for generations.

A wooden table is laden with an assortment of appetizers. In the foreground, a black circular tray holds a large stack of sliders, some with sesame seed buns and others with plain buns, filled with various meats and vegetables. To the left, another tray features sliders with sesame seed buns. In the background, white trays display rows of small, round pastries with purple and yellow fillings, and long, braided croissants filled with cheese and tomatoes. The scene is set in a dimly lit environment, emphasizing the textures and colors of the food.
